Roesch, W T Basic rules in project management 37
Runge, F Design of project management systems 49
Saynisch, M Project management system for a large international project 115
Slavin, M W Plant shutdown scheduling using fuzzy logic 54
Smith, L A and Mills, J Reporting characteristics of automated project management systems 155
Thomas, C L Work quantity ratio techniques 10
Tulip, A Planning project costs 194
Winsor, R Diagonal network analysis — a new technique for project managers 220
Woodward, J F Project management education — levels of understanding and misunderstanding 173
Yeomans, R W Computerized management and control of Mini Metro production 88

Title

Alternatives to conventional project management **Lichtenberg, S** 101
A Scandinavian view of project management **Högberg, O and Adamsson, A** 216
Basic rules in project management **Roesch, W T** 37
Become a project champion **Morton, G H A** 197
Computerized management and control of Mini Metro production **Yeomans, R W** 88
Cost-relevance analysis for overrun control **Avots, I** 142
Cultural dimensions for project management **Hofstede, G** 41
Design of project management systems **Runge, F** 49
Diagonal network analysis – a new technique for project managers **Winsor, R** 220
Fast-tracking for nuclear power plant construction **Baker, A C and Boyd, K J** 149
Foreign exchange exposure in private investment projects **Balling, M** 71
Future directions for matrix organizations in Brazil **Hemsley, J R and Vasconcellos, E** 107
Heuristic methods in resource allocation **Gordon, J H** 163
How to allocate risks in construction contracts **Barnes, M** 24
How to make the structured design process work **Illum, P** 169
Implementing a standardized planning and control system in the DP environment **Carey, J** 225
Integration of time and cost in the planning and monitoring of the Hong Kong mass transit railway project **Gough-Palmer, D H** 95
Intrinsic behaviour of projects **Middleton, P** 4
Involving interested parties: application of analysis and planning tools **Mikkelsen, H and Riis, J O** 18
Management of creativity **Blankevoort, P J** 33
Management of recruitment in the construction industry **Ford, J, Jepson, M, Bryman, A, Keil, T, Bresnen, M and Beardsworth, A** 76
Modernized risk management in offshore development **Glahn, J E, Schjetlein, I O and Haavind, K** 230
Planning and control of data-processing projects **Balcom, G S** 103
Planning project costs **Tulip, A** 194
Plant shutdown scheduling using fuzzy logic **Slavin, M W** 54
Presentation of project status reports **Lowdell, D** 242
Programme management in a developing nation telecommunications company **Morris, P W G** 204
Project management and the construction of the Hong Kong mass transit railway **Rigden, S R** 136
Project management education — levels of understanding and misunderstanding **Woodward, J F** 173
Project management system for a large international project **Saynisch, M** 115
Reporting characteristics of automated project-management systems **Smith, L A and Mills, J** 155
Resource management: the conflict between ongoing operations and project activities **Gower, D** 160
Selection of managers for international projects **Mikkelsen, H and Folmann, E** 209
Styles of project management **Gilbert, G P** 189
Systematic project management **Knoepfel, H** 234
The need to emphasize construction contract studies **Maher, R P** 213
The place of one-year training courses for construction management **Goodacre, P E** 29
The project environment **Gilbert, G P** 83
Work quantity ratio techniques **Thomas, C L** 10
